Avoiding Fraud and Scams

The U.S. Census Bureau is committed to making the 2020 Census quick, easy, and safe for all participants. Here are some tips to help you stay safe.

Avoiding Scams Online

Phishing is a criminal act in which someone tries to get your information by pretending to be an entity that you trust. Phishing emails often direct you to a website that looks real but is fake—and may be infected with malware.

To help protect yourself from phishing and other scams, please remember that the Census Bureau will never ask for:

Your Social Security number.

Your bank account or credit card numbers.

Money or donations.

In addition, the Census Bureau will not contact you on behalf of a political party.

Staying Safe at Home

If someone visits your home to collect a response for the 2020 Census, you can do the following to verify their identity:

First, check to make sure that they have a valid ID badge, with their photograph, a U.S. Department of Commerce watermark, and an expiration date.

If you still have questions about their identity, you can call 800-923-8282 to speak with a local Census Bureau representative.

Reporting Suspected Fraud

If you suspect fraud, call 800-923-8282 to speak with a local Census Bureau representative. If it is determined that the visitor who came to your door does not work for the Census Bureau, contact your local police department.

Who?

Everyone in the United States

When?

Mid-March to Mid-June, 2020

Where?

Where You Are on April 1, 2020

How?

By Paper, Phone, or Internet

Call 864-596-3505 for more information.
