Genealogy Series: Getting Started with Basic Records

Vital records, census, probate and land records are some of the most common types of records used in genealogy research. Join us on Monday, November 3 at 7:00 p.m. as we explore what information these records can provide genealogists, what their limitations are, and which of these records are available to help us document our most recent generations. This is a virtual event. Please visit www.spartanburglibraries.org to register for this program. After registering, you will receive a confirmation email containing additional information about joining the meeting. Contact 864-596-3508 for more information.

Booklovers

Join us on Tuesday, November 11 at 6:45 p.m. for a discussion of "James" by Percival Everett. Copies of the book are available the month before the discussion at the Multimedia & Fiction desk at the Headquarters Library. This discussion will meet in the Training Lab on the lower level of the building. Contact 864-596-3502 for more information.

Flash Fiction Writing Group

So, you're desperate to write fiction but you always write too much. Flash Fiction Writing Group will help you through motivating writing prompts, imagination-driven topics and focused discussion and edit sessions to curb your words but not your quality. Join us on Friday, November 21 at 10:00 a.m. for a fun-filled, imagination-driven two hours. Go on. You know you want to. Contact 864-596-3505 for more information.
